

Shackles and Cotterpins - November 2005

Have you visited the website lately? www.vicmaui.org

As we get closer to July 3rd start (8 short months to go!) the activity on the website, and the interest surrounding the upcoming race, is really picking up.

The discussion forum, moderated by Steve Clark of "Winds of Time", has information on return routes, a possible double handed division, insurance, etc. By creating your own log-in and password, you too can pose questions or provide answers - there is nothing like personal experience as a reference for new competitors.
